

The diagram is a 10x10 grid with various symbols placed in specific cells. The symbols include letters (E, D, B, A, C, G, H, I, J, K, L, M, N, O, P, Q, R, S, T, U, V, W, X, Y, Z), numbers (1-9), and geometric shapes (squares, diamonds, circles, triangles). The symbols are distributed across the grid, with some appearing in multiple cells and others appearing only once. The symbols are placed in a way that suggests a logic puzzle, with the symbols likely representing different categories or values.
